

Lamont Elementary School District After School Program
Continuous Quality Improvement Goals
2017-2018

| | |
|---|--|
| Aligning Quality Standard: Youth Voice and Leadership | The program will provide students with access to authentic leadership roles. |
| Objective 1: | <i>Students will express their voice and point-of-view.</i> |
| | Students will have time for classroom discussion to reflect |
| | Selected Students will meet with the program leadership on the last Friday of each month to voice their points-of-view to improve the program. |
| Objective 2: | <i>Students will develop leadership skills through collaborative activities.</i> |
| | Student will participate in acknowledging each other's leadership skills. |
| | Students will occasionally work in groups with members have roles within the group |
| | Students will have opportunities to select what activities that they want to participate in |
| Objective 3: | <i>Students will be acknowledge for their accomplishments in the program</i> |
| | Sites will celebrate "students of the month" |
| | Sites will celebrate "most improved students" |
| | Sites will give notices/raffle tickets/prizes for excellent behavior |
| Aligning Quality Standard: Active and Engaged Learning | Program design and activities reflect active, meaningful and engaging learning methods that promote collaboration and expand student horizons. |
| Objective 1: | <i>The program will provide opportunities for student collaboration through group work.</i> |
| | Staff will have "circle time" for whole classroom instruction |
| | Staff will group homework by subject or assignment so the students can support each other |
| | Staff will use different sitting arrangements for different activities |
| Objective 2: | <i>The program will provide opportunities for student collaboration increasing students' ability to communicate with other students</i> |
| | Students will have peer tutoring opportunities |
| | Students will work on project in partners/groups |
| | Students will participate in sharing what they want to learn |
| Objective 3: | <i>Staff will facilitate activities that engage students in an active and meaningful experience.</i> |
| | Students will participate in deciding what type of project the class will do |
| | Staff will be provided themes relevant to student learning in the regular instructional time |
| | Students will work on projects that allow them to create |
