

## CPR/First Aid Certification Classes

Are you interested in getting CPR Certified at Lamont School District?  
Classes will once again be offered as a blended program!

To sign up for a class, please come by the district office and ask to be added to the next class.

---

You will have the opportunity to complete a portion of the class online on your own schedule. Once you pass the online portion of the program you will be required to pass a face to face skills test to get complete certification.

After you are registered you will be e-mailed by Medic First Aid/ HSI with a confirmation and a link for the online portion of the class.

You will also be scheduled for skills testing which takes about 30 minutes, but you must have completed part A online and bring your completion certificate to your scheduled testing time.

The skills testing has been scheduled for the 2019-2020 School Year as follows on Fridays that have delayed start scheduling:

When: August 23, October 18, December 13, February 28, & April 24

Time: 8:00 a.m. – 10:00 a.m.

Where: District Office Board Room---TBD

Instructors - Aubrey Young, RN and Frances Esparza, LVN

**Please Register** by submitting your name, number and e-mail address to the District Office at least 2 weeks prior to the skills test. Classes are free of charge but in order to accommodate all district employees, you will only be scheduled once for the skills test.

If you are unable to make it to your scheduled testing, you will have to go elsewhere to get certified.
